“What Did God Mean To Say?”

Big Idea: Jesus is what God meant to say!

Dig It:

1. What message has God been trying to communicate to humanity?
2. What message did God communicate with Christ?
3. What other methods has God used to communicate with humanity?
4. What message is God communicating with your life?
5. What messages has God equipped you to tell, how do you tell them and where do you tell them? How do you say “Jesus” to the world?
6. Is “Jesus” all we need to tell the world, or does it need to be thoroughly explained?
7. What messages do you see being told in the people around you?
